Video Production

Make your business stand out from the crowd!

Professional video production from shooting the video to the production of the final release. Or if you already have the footage and you are looking for your videos to be edited and made into a story that you want to tell i.e. a special holiday etc.

Video work:

- Corporate Videos
- Sales and Product Videos
- Home View Videos
- Information Videos(including Doodle Videos)

Click on any video above to watch sample snippets on my website.

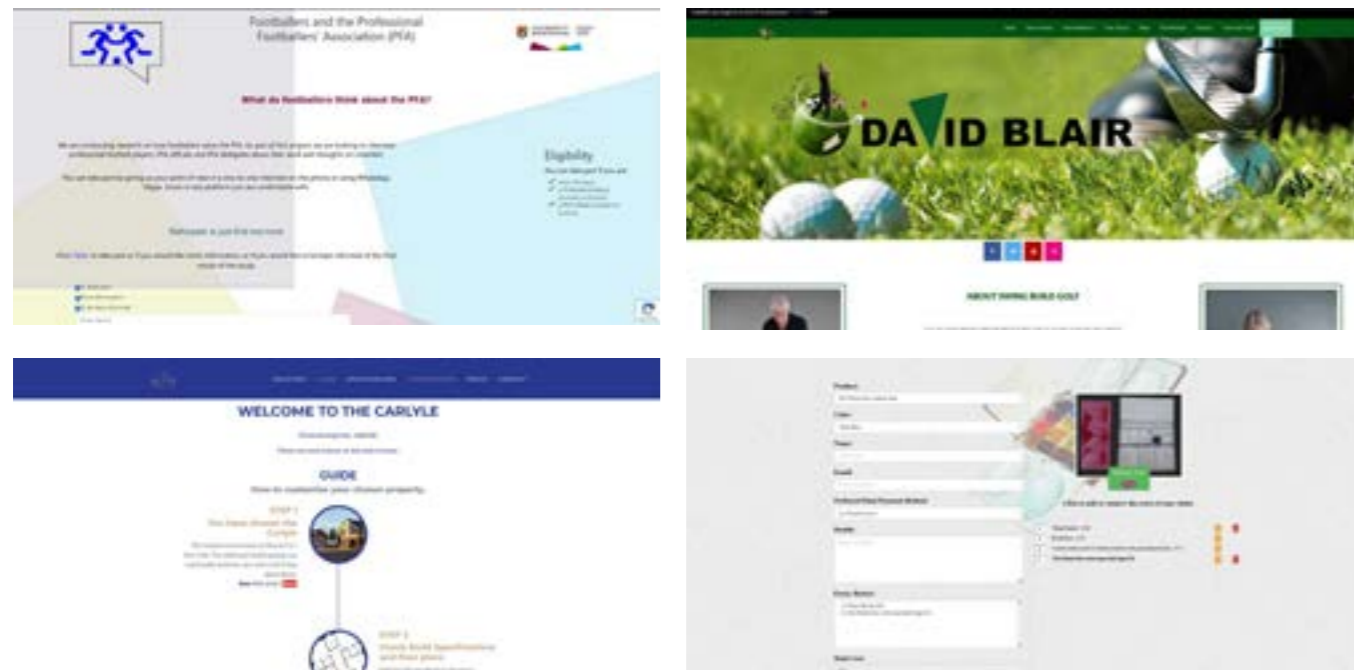

Web Application Design

With 25 years of software development experience developing major systems for the MOD, Royal Airforce, United States Airforce and the National Health Service.

You are in safe hands!

All new business need their shop front on the web for the world to see. Whether you are looking for a simple 1 or 2 page site or you are looking for a much larger application, I am happy to work with you to deliver what you require.

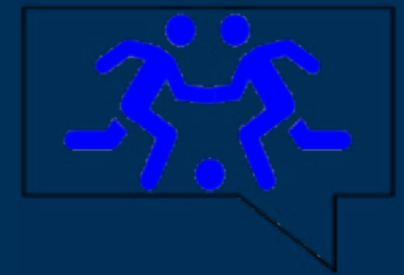

Show off to the world!
